

GOOD PROGRESS

Being Made by the Workmen
at the Power House

Brick Laying Structural Iron and
Concrete Work all Done.
Something About the
Big Building.

The Indianapolis & Cincinnati power house in this city is fast reaching completion and is just beginning to take on the appearance of the enormous power furnishing plant which it is to be. Rushville people are just beginning to realize that this building is going to be one of the largest electric power plants in this part of the State and are just beginning to get an idea of how the grounds will look when all the other buildings are erected and all the tracks are laid.

At present the company's surveyors are laying off the ground owned by the traction syndicate in this city for the remainder of the buildings and tracks, consisting in the main, of the car barns, switches, etc. The ground is being staked off so that the erection of these new buildings may begin as soon as possible. After the grading and laying of the tracks, the surrounding ground will be graded and brought up to a level with the building floors.

The C. H. & D. will build a switch on the north side of the building, grading the track up 15 feet to a level with the coal windows of the power house.

The power house itself is 128 feet 10 inches long, 113 feet 3 inches wide and 60 feet high at the highest point.

The first floors are 9 feet 6 inches above the present level of the ground and there is little danger of water ever flooding the engine and boiler rooms. The lower part or basement will be used for storage purposes only. The building is built entirely of brick, iron and concrete and is thought to be fire-proof. The massive concrete foundations extend many feet into the ground, about eighty tons of concrete being used in their construction, while the foundations built for the electrical machinery, boilers and engines required almost as much more.

Brick-layers have all completed their work, loaded their scaffolding, etc., and returned to Indianapolis and the structural iron workers, who have been placing in position the massive iron supports for the roof and floors, completed their work yesterday and departed for their respective homes. Mr. D. McAvoy, of Chicago, the genial gentleman who has had charge of the structural iron work at the building, left last night for Pittsburg. He will return here again in about three weeks before going home to Chicago. Mr. McAvoy is one of the most experienced structural iron workers in the country and has built many large buildings and bridges throughout the land. The concrete work on the roof was also finished yesterday and that part of the building is now ready to be turned over to the tar-paper men who are expected to arrive from Indianapolis at any time.

Room has been left in the building for the purpose of enlarging the plant's electrical capacity when the line is extended to Cincinnati. The present equipment of the plant is for furnishing power for the line between this city and Indianapolis only. Three boilers and sets of tubes, altogether weighing many tons, are being placed in position this week by a set of men under the direction of Mr. Daniels, another man who is a thorough mechanic. Some work has been delayed by the non-arrival of the crew from the Detroit Iron Works who were to put in position the big 15-ton traveling crane lying west of the building, an account of which was given in the Republican sometime ago. Coal windows have been placed in the north wall of the building. Bunkers will be added later and the furnaces will then be fed by machinery. Two massive Westinghouse, alternating Fulton, Corliss engines of 500 kilo watts each, will be placed in the building upon the heavy concrete foundations which have been built for them. The other machinery, consisting of electrical generators, exciters, converters, transformers, motors,

switch boards, and steam Dean pumps, headers, and water-heaters will be added later.

The large steel smokestack, weighing many tons, is now being erected by a crew from the Racine Iron Works of Racine Wisconsin. The stack, when completed, will be 190 feet high from the ground up and 180 feet from the floor of the boiler room. The stack will be 17 feet in diameter at the base and 12 feet at the top. A long steel ladder will extend to the top and the interior will be lined with fire brick and clay which when burned out occasionally will have to be replaced.

The concrete foundation of the stack is 24 feet square 10 feet high and extends 15 feet into the ground. The stack is built out of semi-circular steel plates, $\frac{3}{4}$ inches in thickness, which are hoisted up from the outside by means of a derrick.

The workmen have a bridge on wheels, which they run around on the edge of the iron plates when they are placed in position and which is hoisted as the plates are put in position from the inside. Almost all work is done from the inside and the riveting is all done with compressed air hammers. About 40 feet of the stack has been put together so far but it has not been riveted completely as yet.

The power house is visited by many of our citizens who are daily watching the engineering feats performed there, the like of which has never been seen here before. The construction of this electrical road and power house in our city will continue to be watched with interest and it is hardly necessary to add that our city will be proud of the plant when it is finished.

HENRY AT CONNERSVILLE.

Looking Over Route Between
Here and That City.

[Connerville Examiner.]

Charles L. Henry, President of the Indianapolis & Cincinnati Traction Line, accompanied by Engineer Moore and Attorney George Forkner, of that company, drove through from Glenwood to this city today endeavoring to settle on one of the three routes that have been surveyed by which the road will come into the city from the west.

The route is determined within two miles west of town, at T. C. McBurney's farm. From there it is proposed to either make a spur coming in at Second street and Western avenue; thence north on Western avenue to Sixth street and across the river through East Connerville; or a spur coming in at Tenth street to Western avenue, down that street to Sixth street and across the river through East Connerville.

Sixth street appears to be the favorite cross town street on account of its central location to the business section of the city.

Nothing definite was decided on before the gentlemen left town. Immediately after dinner at the McFarlan they started on the return drive back to Rushville.

A Hopeless Case.

[Greensburg Review.]

From attending physician Dr. Riley, we learn that the case of J. S. Saunders, the cut-off man stricken with the small pox, is a hopeless one, and the victim has but little, if any chance for recovery. His attack is of the worst form and already his body is covered from head to foot with sores.

Only at times is he rational and then only for a few minutes each interval. Saunders has a wife and two children residing at Cincinnati solely dependent on him for support.

THE DEMOCRATS

Held Their City Convention
Last Night.

Usual Resolutions to Catch Vote
Adopted—Frank Hall Nomi-
nee for Mayor.

The Democrats of Rushville met at the assembly room in the court house last night to nominate a city ticket.

The meeting was called to order by Frank Hall and a call of the delegations to see whether they were full or not revealed the absence of nearly all the most prominent Democrats of the city, among them being B. F. Miller, Rush Budd, Raymond Hargrove, Ben. L. Smith. It required some time to fill these vacancies, four alternates having been called to fill a place before any one responded.

S. L. Trabue was chosen chairman by acclamation and T. A. Geraghty secretary in the same manner, both of whom are known to be Hearst men, showing that the Hearstites were not going to run the risk of a Parker endorsement of any kind.

Donald Smith, Wilbur Stiers and Tom Arbuckle were appointed a committee on resolutions, and reported resolutions pledging themselves to reduce the city's indebtedness (by additional tax levy we suppose,) and opposing advance of natural gas rates, and as against erecting an expensive high school building, but to erect one off and away from the others for the colored children.

On the call for nominations the First Ward presented the name of A. R. Holden for Mayor and the Second ward Frank J. Hall. Mr. Hall arose and as per apparent careful prearrangement, said he was not a candidate for the place and that they should cast their votes for the other candidate, but sat down before withdrawing to the great disappointment of Mr. Holden, but to the apparent satisfaction of the delegates.

The ballot taken revealed to Mr. Holden and his six friends that he was a candidate in name only. The Second ward cast one vote too many and had to vote over. It was suggested by some one present that this was part of the game and if Holden had developed any unseen strength the corrected ballot would be the means of saving Hall.

The corrected ballot resulted in a vote of 50 for Hall and 6 for Holden. Mr. Holden, like the boy "who was glad his mother whipped him, because it educated him so much," said he was glad they voted for Hall.

For Clerk Ernest Neutzenhelzer and Knowles Casady were placed in nomination and the latter nominated by a vote of 30 to 26.

For Treasurer, Ed. Oglesby was the only candidate, and was nominated by acclamation, and introduced by the chairman as the next City Treas-

urer, but Mr. Oglesby in his talk did not talk at random like the apostle of Hearst and said "in case I am elected."

For Marshal Charles Moorman, C. H. Jones and Michael Gordon were placed in nomination and the first ballot resulted in Moorman 6, Jones 25, Gordon 25, but it was found that the Third ward had "applied the brakes" to prevent a nomination by voting one too many and a "corrected" ballot showed Moorman 4, Jones 24 and Gordon 27, one man in the First ward had apparently become disgusted and refused to vote.

Mr. Moorman withdrew before the second ballot and the plot to nominate Gordon without incurring the displeasure of Jones who has always been a faithful Democrat and a party worker, began by the First ward "applying the brakes" to prevent Jones' nomination and while their first ballot showed three more than they were entitled to, it only showed two votes for Gordon, while the "corrected ballot" showed five for Gordon, in other words, just enough to nominate him and the ballot resulted in Jones 26, Moorman 1, and Gordon 29, the man in the First ward not having been reconciled and again refusing to vote.

Sixty-Ninth Birthday.

The annual celebration of the birthday of George Guffin, one of Noble township's most prominent citizens is an event anticipated from year to year with much pleasure by those fortunate enough to be numbered with the inner circle. The occasion of Mr. Guffin's sixty-ninth birthday was happily remembered by the family and a few friends Sunday.

Mrs. Guffin prepared a turkey dinner that was an honor to the most fastidious. The sight that met the gaze of the guests as they were ushered into the dining room was a pleasant one. A nineteen pound bird on a splendidly garnished platter was a sight beautiful to behold.

Mr. Guffin, who is an adept in carving proceeded to help bountifully the plates of his guests with the choicest portions of the juicy fowl. Mrs. St. Clair Parry, in a graceful manner assisted her father in serving. The reader can imagine the rest.

The afternoon was spent in social chat, interspersed with a number of splendid solos by Mrs. Von Posey, of Indianapolis, instrumental music by Mrs. A. B. Houze and popular songs by master George Parry.

Those present were Mrs. St. Clair Parry and son George, Mrs. Von Posey and Harold Manzy, of Indianapolis; George Paul Guffin, of Ann Arbor, Mich, and Rev. and Mrs. A. B. Houze. It was much regretted that Mr. St. Clair Parry, Mr. Lot D. Guffin, and Mrs. Chestina Manzy were not able to be present.

Mr. Guffin announced that he expected to grow a twenty-five pound turkey for next year's celebration, and invited all to be present one year from that time. The guests departed wishing Mr. Guffin many happy and useful years.

He who would establish another's faith must be well founded himself.

CAMPAIGN DRAGS

Neither Russians Nor Japs
Ready for Decisive
Engagement.

If Japanese Forces do not Soon
Cross, Summer Torrents will
Render Crossing Im-
possible.

London, April 12.—A correspondent with the Japanese headquarters sends the following dated April 11 by wireless telegraph via Wei Hai Wei: "At present information from the land front must be belated owing to the distance of the existing head base of the advance guard, but this will soon be remedied.

"It is doubtful whether the long expected engagement for the possession of Yalu river will ever take place, certainly not unless the Russians have been reinforced more heavily than my information leads me to believe. This was foreseen by the Japanese and hence their strenuous efforts to block Port Arthur so that they may be able to reduce the length of their land communications by the establishment of a more convenient sea base. It must be remembered that unless the Japanese secure the north of the Yalu with a new base by July the land movements from Korea will become practically impossible.

"The rainfall of summer is so heavy that all the flimsy bamboo bridges will be destroyed. This would indicate that it is not to the advantage of either belligerent to engage in a struggle in the vicinity of the Yalu.

"The Russians desire to get the Japanese forces inland with the hope of enveloping them, while the Japanese want to get inland because the country affords a more suitable theater of operations.

"As the time is short, a new effort of the Japanese must be developed almost immediately."

A correspondent at Seoul says: "It is believed that the Russians north of the Yalu are not sufficiently numerous to withstand the Japanese advance for any considerable distance beyond the river." According to a correspondent at New Chwang, the heavy rains have flooded the railroads and blocked the roads throughout southern Manchuria. The field telegraphs have been interrupted and the country is impassable. The Russian officers, says the correspondent, consider that Japan lost the chance of occupying New Chwang, where the defenses are now amply sufficient to repulse attacks.

A CRUSHING FORCE

Is What Russia Proposes to Marshal
Against Japan.

St. Petersburg, April 12.—Exceptionally reliable information regarding the Russian military plans confirm the repeated announcements that these plans will not mature until late in the summer. They are of far greater magnitude than is generally believed abroad, and take into account all possible contingencies. General Kuropatkin, remembering the experience of Russia during her war with Turkey, when the Russian army of 30,000 placed in the field at the beginning, had to be more than doubled, has insisted that the men and guns to be placed at his disposal shall cover the extreme limit required to settle the fate of the campaign.

The Russian plans are predicated upon Napoleon's dictum that "God fights on the side of the heaviest battalions," and they are being worked out and timed so as to apply to a superiority of numbers on land and sea simultaneously. The army is designed to attain the enormous total of half a million at the time scheduled for the reinforcement of Vice Admiral Makarov's fleet with the Baltic squadron. The Seventeenth and Tenth army corps now drafting are expected to reach Manchuria by the middle of June. The mobilization of four other corps, at least two of which will be from the Volga, will be announced by the middle of next month and will start eastward a month later, reaching their destination at the end of August.

Rear Admiral Rojestrensky will hoist his flag as commander of the formidable Baltic squadron early in July and will sail immediately for Port Arthur.

Russia Objects.

Tien Tsin, April 12.—Russia has again protested against the presence of Chinese troops on the Manchurian frontier and has demanded their withdrawal within a five-mile limit of the great wall.

ANOTHER ROBBERY.

Cash Drawer at Rushville Milling
Co.'s Plant Broken Into.

A thief broke into the office of the flour mill on south Morgan street, owned by the Rushville Milling Company last night and robbed the cash drawer of some change. The safe, which was not locked, was not touched, about \$3 being overlooked in a drawer on the inside. Nothing else was touched as the only thing wanted seemed to be money.

The office was broken into on Saturday night and the stamp box was robbed of a few cents in change. The work both times was evidently done by the same person who is probably the same man who has been doing all this kind of work in this city recently.

The thief last night only secured about \$2.50, as that was all that was left in the cash drawer.

ACTS OF CONGRESS

House Passes River and Harbor
Bill.—Senate Talks
Postoffice.

Washington, April 12.—The house has passed the bill reported by the committee on rivers and harbors appropriating \$3,000,000 for the restoration or maintenance of channels or of other river and harbor improvements. Mr. Clark of Missouri made a plea for the improvement of the Missouri river. Quite a large number of bills of minor importance were passed.

The Culberson amendment to the postoffice appropriation bill, providing for a commission to investigate the postoffice department was before the senate all day, and after being ruled out of order in modified form, was pending when the senate adjourned. Mr. Gorman made an earnest plea for an investigation, saying the postoffice department had cast reflections upon members of congress and that a thorough examination should be had. Mr. Aldrich answered that the amendment as finally modified meant nothing; that if an investigation was to be had it should be a "live one." He said that if any specific charges were brought in they should be looked into by congress, but that the demand should not be made a part of a general appropriation bill.

Committee Files Report.

Washington, April 12.—The report of the McCall investigating committee was filed in the house today.

Too Much Religion.

Oil City, Pa., April 12.—Mrs. Luke Gough, aged twenty-seven years, became insane on religion a week ago, but was not placed under restraint. Yesterday afternoon, obeying what she conceived to be a divine command, she set her daughter Harriet, aged eight months, on top of a hot gas stove and before the other children could bring assistance, cut the right hand of her child off at the wrist with a blunt paring knife. The victim may recover. Mrs. Gough was a member of the sect known as the Holy Rollers.

A Waste of Good Money.

St. Louis, April 12.—The savage headhunting Igorrettes, who form part of the Philippine government's exhibit at the World's Fair, had their first payday yesterday. The government disbursing officer paid out large numbers of \$5 and \$10 bills. The savages appeared pleased, but were later discovered tearing them up and trading them for cheap cigars. It was impossible to convince them that the bills were valuable other than as ornaments.

The spiritual is the substance of which the material is the shadow.

ANNOUNCEMENTS.

FOR TRUSTEE OF UNION TOWNSHIP.

We are authorized to announce the name of
 John F. Mapes as a candidate for trustee of
 Union township, subject to the decision of
 the Republican township convention.

The Democrats in their make up of
 city ticket left out every man who
 was a German or of German descent.
 They probably don't need them.

The "pledge" of Democracy to re-
 duce the city debt is a joke, and
 ought to be so regarded. The Demo-
 cratic party has a standing record in
 State and national affairs of doing
 just the opposite.

The Jacksonian will no doubt tell
 you this evening in its columns that
 the ticket nominated last night was
 the "best ever." The "Jack" has
 got to a place where it can't help get-
 ting off these little jokes occasionally.
 In last night's issue they refer in a
 "two liner" to lack of harmony in
 the Republican ranks, and it is truly
 a puzzle to know, how they can look
 up, out, over and beyond the din, con-
 fusion, disorder, derangement, disor-
 ganization, chaos, misrule, and bewil-
 dered condition of Democracy and see
 anything going on in the other camp.
 Oh, well, its harmless.

The Connersville Examiner in
 ghoulish glee in an "it is too" argu-
 ment, says that President Roosevelt
 does smoke cigarettes and does part
 his hair in the middle. It seems in-
 credible that the editor of that paper
 would make such a statement, and
 that he would publish it in his paper
 knowing that those facts are known
 to be untrue by every one who has
 ever seen the President. We know
 from observation that the reckless
 editor of the Examiner is rather
 economical with the truth, but have
 heretofore credited him with enough
 judgment to "tell one" that would
 last for a few days, or at least until
 another could be "hatched."

The United States imported from
 Africa within a year \$1,327,000 of
 mahogany. This 14,000 tons of
 freight, in the absence of a direct
 line, was shipped via Liverpool.

THE KEYNOTE SPEECH

Hon. James E. Watson is Now Writing
 It in Washington.

Indianapolis, April 12.—The Repub-
 lican state convention will be called to
 order two weeks from today by Chair-
 man J. P. Goodrich, who will officiate
 as temporary chairman until the re-
 port of the committee on organization
 is made. Congressman James E. Wat-
 son of Rushville will be made perma-
 nent chairman and will then deliver
 the keynote speech of the campaign.
 He is now writing it at Washington,
 and great things are expected of him,
 owing to his reputation as a speaker.
 It is probable that the report of the
 committee on platform will be made
 during the afternoon. There will be
 a resolution endorsing the candidacy
 of Senator A. J. Beveridge for re-elec-
 tion, and it will be adopted with en-
 thusiasm. The state officials, President
 Roosevelt, Senator Fairbanks and the
 congressional delegation will be in-
 dorsed in glowing terms. There is
 some talk of offering a resolution in-
 dorsing Senator Fairbanks for vice
 president, but it is said that he will
 not permit it. The platform, it is said,
 will be very conservative, as the party
 leaders here are not inclined to take
 the initiative in launching any move-
 ment for tariff reduction.

Hearst's agents are getting busier
 than ever. The activity about their
 headquarters here does not indicate
 that he is about to withdraw, but on
 the contrary, that he is more earnest
 than ever. Politicians are still con-
 vinced that he does not stand much
 show in Indiana, but he is digging
 right in just as if he were confident
 that he has a chance against T. Tag-
 gart on the latter's ground. Thou-
 sands of letters are being sent daily
 to the voters setting out Hearst's
 "fight" for the people and his plat-
 form and personal qualifications for
 president. Charles F. S. Neal is again
 here helping J. Oscar Henderson and
 his associates direct the movement. It
 is noticeable, however, that but few
 others who have any recognized stand-
 ing as party leaders are seen about
 the Hearst headquarters. If Hearst
 wins in Indiana it will be at the hands
 of the masses or by developing new
 leaders, as he says he has done suc-
 cessfully in other states.

Secretary Sims of the state commit-
 tee is racking his brains to make
 arrangements whereby the big Repub-
 lican state convention crowd can be
 comfortably seated. The floor space
 of Tomlinson hall is not so large as it
 was, owing to some changes, and the
 stage is largely taken up by an im-
 mense pipe organ. It is probable that
 the seating capacity is a thousand less
 than it was. Arrangements have been
 made to seat the out-of-town news-
 paper men in the semi-balcony at the
 northwest corner of the hall. A stage
 built out about eight or ten feet in
 front of the speaker's platform will be
 for the accommodation of the local
 newspaper men who have to cover the
 convention. The northwest part of the
 first balcony will be reserved entirely
 for the ladies. Secretary Sims don't
 know how many tickets for seats will
 be issued until he makes calculations.
 The district chairmen will probably be
 given tickets to distribute among their
 constituents.

Hawkins Admitted to Bail.

Terre Haute, Ind., April 12.—Wm.
 Hawkins, who killed Ogle Izabel, a
 coal miner of Greene county, has been
 admitted to bail in \$5,000 over the
 protest of the prosecuting attorney.
 Following so soon after the speedy trials
 and the imposing of death sentences
 on two murderers in compliance with
 the demands of public opinion, the ac-
 tion in the Hawkins case is causing
 comment.

Lower Court Reversed.

Washington, April 12.—The United
 States supreme court has decided the
 case of the State of Minnesota vs. the
 Northern Securities Company, and the
 Northern Pacific and Great Northern
 railway companies, involving the va-
 lidity of the merger of the two railroad
 companies, holding that it was with-
 out jurisdiction, and reversing the
 opinion of the court below.

Anxiety Felt in Hayti.

Port au Prince, Hayti, April 12.—
 Fear is felt here of an attack by nu-
 merous Haytian exiles organized by
 General Jimenez, former president of
 the Dominican republic and now gath-
 ered in Dominican territory. The gov-
 ernment has declared a state of siege
 in all departments of the republic, and
 the frontiers are guarded by strong
 forces.

Train Wreckers Failed.

Frankfort, Ind., April 12.—As a
 mixed train northbound on the Monon
 railway was pulling out, the engineer
 discovered a pile of ties on the track
 inside the city limits, but as he was
 running slowly little damage was done
 to the engine. The authorities are in-
 vestigating.

Oklahoma Bank Fails.

Ponca City, Okla., April 12.—The
 Citizens Bank has closed its doors.
 Territorial Bank Commissioner Cooper
 is in charge and H. C. R. Broadbent
 has been appointed receiver. No
 statement has been made of the bank's
 assets and liabilities.

It Was Loaded.

Clay City, Ind., April 12.—Henry
 Smith, aged seventeen years, living
 near here, while examining an old re-
 volver, accidentally discharged the
 weapon and was instantly killed. The
 ball entered the head between the
 eyes.

TROUBLE BREWING

Military and Civil Officers
 In Colorado Clash In
 Earnest.

GOVERNOR IS DEFIANT

He and His General of the Guard
 Ignore the Order of Court
 and Talk Back.

General Bell Defies the Court to
 Arrest Him and Threatens
 Bloodshed.

Ouray, Col., April 12.—If the mil-
 itary continues to disregard the orders
 of the court and refuse to release
 President Moyer, Attorney E. F. Rich-
 ardson, representing the Western Fed-
 eration of Miners, will apply to the
 state supreme court for a writ of ha-
 beas corpus. The return to the writ
 made by General Bell, through Assist-
 ant District Attorney Howe of Tellur-
 ide, excused his failure to produce the
 body of Mr. Moyer on the ground that

JAMES H. PEABODY, GOVERNOR OF COLORADO.

he deemed it unsafe to bring Moyer
 to Ouray or to reduce the military
 force in San Miguel county by so do-
 ing, and that the governor had ordered
 him to disregard the writ.

Judge Stevens said: "The people
 of Ouray will rightly resent the im-
 putation that General Bell or Captain
 Wells could not come alone and in
 safety with President Moyer before
 this court. A very grave question is
 presented as to whether it is the strik-
 ing miners or the governor of Colorado
 and the national guard that are en-
 gaged in insurrection and rebellion
 against the laws of the state.

"If there is to be a reign of military
 despotism in this state, and civil au-
 thority is to have no jurisdiction, the
 latter might as well go out of busi-
 ness."

Judge Stevens refused to permit the
 filing of the return to the writ, ordered
 that Charles H. Moyer be discharged
 from custody, issued an order of at-
 tachment against General Bell and
 Captain Wells, assessed a fine of \$500
 each and expressed regret that the
 governor was not before the court, as
 he considered him equally guilty with
 General Bell and Captain Wells.

General Bell Is Defiant.

Telluride, Col., April 12.—When Gen-
 eral Sherman M. Bell was informed
 that Judge Stevens had ordered him-
 self and Captain Wells arrested and
 confined in the Ouray county jail on
 the charge of contempt, he said: "If
 Sheriff Corbet takes us to Ouray it will
 have to be over the dead bodies of all
 the soldiers under my command in
 this county. He has not got men
 enough to do that. The situation de-
 mands that we stay in Telluride. Mr.
 Moyer will never be produced in court
 until Governor Peabody orders me to
 do so, unless he escapes and goes over
 the range on snowshoes."

Governor Defies Court.

Denver, Col., April 12.—When Gov-
 ernor Peabody was informed of the
 action of Judge Stevens of Ouray or-
 dering the arrest of Adjutant General
 Bell and Captain Wells for contempt
 of court in not complying with the writ
 of habeas corpus in the Moyer case,
 he said: "We will not recognize the
 writ of attachment and the military
 authorities will not appear in court.
 Neither will we give up Moyer."

New York State Convention.
 New York, April 12.—Serenio E.
 Payne was named as permanent chair-
 man of the New York Republican state
 convention today. Chauncey M. De-
 pew was the temporary chairman.
 The delegates at large to the national
 convention will be Senators Platt and
 Depew, Governor Odell and ex-Gov-
 ernor Black. Governor Odell will be
 elected chairman of the new state com-
 mittee when it assembles tonight.

Police Scandal Grows.

Sault Ste. Marie, April 12.—Later
 developments in the police department
 scandal included three additional ar-
 rests, making a total of six since the
 report of the grand jury was submit-
 ted.

Politician's Sudden Death.

Poughkeepsie, N. Y., April 12.—Jas.
 W. Hinkley, formerly chairman of the
 New York Democratic state commit-
 tee, died suddenly at his home in this
 city last night of apoplexy.

NOT GUILTY

Court Clears the Bechtels of Further
 Charge in Murder Case.

Allentown, Pa., April 12.—The last
 act in the tragedy growing out of the
 murder of Mabel Bechtel last October
 was taken in court yesterday after-
 noon when, on motion of District At-

MRS. KATHERINE BECHTEL.

torney Lichtenwalner, a nolle pro-
 se was entered in the cases of Mrs. Cath-
 erine Bechtel, Miss Martha Bechtel
 and John and Charles Bechtel, mother,
 sister and brothers of the dead girl.
 All had been indicted as accessories
 after the fact and an additional indict-
 ment for murder was made against the
 mother. In the cases against Martha,
 John and Charles a struck jury was
 drawn and a verdict of not guilty was
 ordered by the court.

Time Is Not Ripe.

Peoria, Ill., April 12.—Secretary of
 War Taft, speaking at the eighth an-
 nual banquet of the Kickapoo Club last
 night, clearly outlined the course to
 be pursued by the administration in
 the Philippines, and replied to the
 queries of critics as to the date on
 which the administration proposed to
 grant independence to the Filipinos,
 by stating that the time for a final
 decision was not at hand, nor would it
 be for probably several generations.

Philadelphia Murderer Confesses.

Philadelphia, April 12.—The mys-
 tery surrounding the murder of John
 Thomas, the aged night watchman at
 the Houston Club of the University
 of Pennsylvania last evening, was
 cleared up by the arrest and confes-
 sion of Lawrence Gibson, alias John
 Oakley, who was for a number of
 years employed as a utility man at
 Houston Hall. Gibson is a West In-
 dian negro, and says he is a native of
 Jamaica.

Held on Circumstantial Evidence.

Waltham, Mass., April 12.—Charles
 L. Tucker, who was arrested on the
 charge of having murdered Miss Ma-
 bel Page in her home in Weston, was
 arraigned in court here. He entered
 a plea of not guilty. The case was
 continued to April 21. Tucker is held
 without bail. There is only circum-
 stantial evidence against him.

ORDER OF PESTALOZZI

Prospering in This County— Fifty-six Members.

Efforts in various parts of the State within the last few months to organize branches of the Order of Pestalozzi are said to indicate that the teachers of the State are preparing to take a firm and united stand for legislation in their favor when the Legislature convenes next winter. Recently a large branch was instituted at Rushville.

Fraternal features, such as ritualistic work and sick and death benefits are included, but the leading feature is a united stand to secure legislation for the benefit of teachers and schools. The teachers say they want something to say as to where they are to be sent to teach, the length of terms, licenses, salaries, election of school officials, professional training required for teachers and the course of study.

There are fifty-six charter members to the local organization, but up to the present time only twenty have been initiated.

W. O. Headlee is the Instructor, and Mrs. Margaret Morton, the secretary of the organization here.

Their by-laws recently adopted are as follows:

By-laws of James Whitcomb Riley Lodge, No. 13, Order of Pestalozzi of America, located at Rushville, Rush county, Ind.:

Article I.—Sec. 1. This lodge shall be known as James Whitcomb Riley Lodge No. 13.

Sec. 2. The regular meetings of this lodge shall be held on the first Saturday of each month at 1:30 p. m.

Sec. 3. Special meetings may be called by the Instructor when deemed necessary by him, but only such business can be transacted as named in the call.

Sec. 4. Five members in good standing shall constitute a quorum for the transaction of business.

Article II.—Sec. 1. The officers of this lodge shall be such as those provided for in the general laws.

Sec. 2. The officers shall be elected annually at the regular meeting in December and serve until their successors are elected and installed.

Sec. 3. The officers shall be installed at the next regular meeting after their election.

Sec. 4. The duties of the officers shall be those prescribed by the general laws.

Sec. 5. Vacancies in office from death, resignation, or removals, may be filled by election at any regular meeting, such officers to hold their office until the next annual election.

Article III. Sec. 1. The following standing committees shall be appointed by the Instructor immediately following his installation: (a) Auditing committee; (b) Relief committee, (c) Grievance committee.

Sec. 2. The duties of these committees shall be such as prescribed in the general laws.

Article IV.—Sec. 1. Transfer cards prescribed by, and bearing the seal of the Supreme Order, may be granted to any member in good standing, the cost of such card shall be 25 cents.

Sec. 2. A transfer card may be deposited in this lodge as provided in the general laws.

Article V.—Sec. 1. Each member shall pay into the treasury the sum of two dollars (\$2.00) per annum, one-half to be paid at the regular meeting in November; one-half at the regular meeting in March.

Sec. 2. A member who is delinquent for dues is not in good standing.

Article VI.—Sec. 1. A sick benefit of one dollar (\$1.00) per week shall be paid to a sick member in good standing for a period not to exceed ten consecutive weeks in the same sickness.

Sec. 2. A death benefit of \$20.00 shall be paid upon the death of a member in good standing.

Article VII.—Sec. 1. Qualifications and applications for membership shall be those prescribed by the general laws.

Sec. 2. The initiation fee for membership in this lodge shall be \$6.50.

Article VIII.—Sec. 1. All matters not provided for in these by-laws shall be settled according to the provisions of the general laws.

Article IX.—Sec. 1. These by-laws may be amended by a majority vote of the lodge at any regular meeting, such amendment having been presented in writing at a previous meeting.

Postmaster's Son in Trouble.
Nevada, Mo., April 12.—Edwin Griffith, son of the postmaster at Great Bend, Kan., has been arrested here, charged with stealing a registered package of \$5,000 which was sent by the Traders' bank at Kansas City to a banking house at Great Bend on Feb. 9. Griffith has confessed the crime.

A Notable Increase.
Washington, April 12.—The gross postal receipts at the fifty largest post-offices in the United States for March, 1904, as compared with March, 1903, aggregated \$6,458,301, a net increase of 13 per cent.

Result of Visit.

London, April 12.—King Edward's visit to Copenhagen has resulted in the beginning of negotiations for a new treaty between Great Britain, Denmark and Russia, replacing the conventions with Denmark concluded by the late emperor, Alexander III.

STATE NEWS

Indianapolis, April 12.—Indications are that the wheat crop of Indiana will be poor. State Statistician Johnson has received reports from nearly a hundred townships in all parts of the state and in every locality, except in the northern counties, the township trustees lament the fact that the wheat prospects are discouraging. Mr. Johnson expects that the harvest for Indiana will not be more than 65 per cent of a normal crop, which will be one of the lowest records in years. Government reports to Mr. Johnson estimate the crop of Indiana at 71 per cent of a normal crop.

The best conditions prevail in the northern counties, where there was snow nearly all the winter, and where there was no thaw followed suddenly by freezing.

Reports from Jasper, Benton and White counties show that practically no wheat was planted in these counties this year. Experience has shown the farmers that wheat is not a profitable crop, and they have sown their lands in something else.

Mr. Johnson is hopeful that conditions during the remainder of spring will be such that the wheat will develop as much as possible. Last year at this time the wheat crop could not have looked more promising, but the heavy rains spoiled it. Two years ago, he says, the outlook was as poor as it is now, but with the most favorable weather a fair harvest was gathered.

GAVE ADAM'S EXCUSE

"The Woman Tempted Me," Was Kendallville Blacksmith's Plea.

Kendallville, Ind., April 12.—Frank Glor, twenty-seven years old, a blacksmith by occupation, is under arrest accused of attempting to blackmail the Flint & Walling Manufacturing company of this city. Several days ago the company received a letter in disguised handwriting, couched in abusive language, demanding \$2,000 and threatening to wreck the company's plant with dynamite unless the money was deposited in a designated spot. The company placed a decoy package which Glor was seen to pick up, and the arrest followed.

When arraigned in Mayor Graves' court the defendant confessed to writing the letters received by the company, and pleaded guilty to the charge. He was committed in default of \$1,000 for grand jury action. He says that a woman persuaded him to write the letters, asserting that she threatened to separate him and his wife in case he refused. Friends are trying to obtain bond for him.

Will Test State Law.

Danville, Ind., April 12.—The suit to test the state law relative to the extension of terms of county treasurers is to be submitted by agreement of attorneys on both sides to Judge West of the Montgomery circuit court. The suit asks for an injunction to prevent the officers of the Hendricks county Republican committee from certifying the nomination of James A. Clay as the Republican candidate for treasurer, the action being brought by John E. Vestal, present treasurer. If the law is held good, Vestal, who took office on Jan. 1, will hold until Jan. 1, 1907, his successor being elected in November, 1906.

Will Condemn Alcoholic "Medicine."

Muncie, Ind., April 12.—At the annual meeting of the Delaware county W. C. T. U., to be held this week, the organization will take a stand against patent medicines, alleging that many of them are really alcoholic drinks, devoid of curative properties. A movement will probably be set on foot to have the state legislature enact a law requiring the names of patent medicine ingredients to be placed on the bottle.

Miners Gain Their Point.

Brazil, Ind., April 12.—As was indicated at the beginning of the fight between the Mine Workers' Union and the Holsting Engineers' association of the block coal field, the miners have won, and nearly every miner in the district is again at work.

Suicide Without Known Cause.

Valparaiso, Ind., April 12.—Edward Newman, a well-known business man of Hobart, committed suicide by drowning himself in the lake near that place. He was thirty-eight years old and unmarried. The cause of suicide is unknown.

Henry Seward on Trial.

Danville, Ind., April 12.—The trial of Henry M. Seward on the charge of murdering his wife at Fern, Putnam county, May 16, 1903, is in progress in the Hendricks circuit court on change of venue from Putnam county.

Japan's first army has been landed in Korea and second army is about to start.

Alarming reports of damage to the growing grain in the Southwest are current.

Russia is seeking to buy German ships with the object of forming a flying squadron.

United States Senator Quay is reported to be ill at Atlantic City. No one is allowed to see him.

Congress has been invited to attend the opening of the Louisiana Purchase Exposition on Saturday, April 30.

Russian pilots at New-Chwang ignore signals of foreign vessels, which indicates the port is closed to commerce.

Secy. Moody is not in favor of the creation of a general staff in the navy modeled after the general staff organized in the army.

The monthly report of the Department of Agriculture will show the average condition of winter wheat on April 1 to have been 75.5.

False alarm at New-Chwang that Japanese were approaching caused great excitement, indiscriminate firing and death of two Chinese.

The United States Supreme Court has decided that books published periodically are not entitled to transmission through the mails as second class matter.

EXTRAORDINARY ACCOMMODATIONS AT ST. LOUIS FAIR

Splendid Hotel Right Inside Exposition Grounds—Thousands of Rooms at Very Moderate Rates—

Visitors to the World's Fair at St. Louis need not fear either lack of accommodations or extortionate prices. Under the World's Fair Management a high hotel has been built right inside the Exposition grounds where every comfort and modern convenience at most reasonable rates can be enjoyed by all.

This new departure in world's fair accommodations is called "The Inside Inn" and it is built and furnished upon the same lavish scale which characterizes every feature of the big show. It is three stories high, is 400 feet wide and 800 feet long. It contains spacious reception rooms, reading rooms, parlors and offices and its dining hall and restaurant will seat 2,500 people to a meal at a single sitting. It has 2,357 bedrooms the prices which range from \$1.50 to \$5.50 per day on the European plan and from \$3.00 to \$7.00 on the American plan, including daily admission to the exposition, all guests enjoying the same dining-room privileges and service. The Inside Inn is under the direct management and supervision of E. M. Stalter, the well-known caterer of Buffalo. This fact alone is sufficient guarantee that the cuisine and service will always be of the very highest order.

Those who remember the heartbreaking weariness of the long journey homeward after a tiring day at the World's Fair at Chicago or the Pan-American at Buffalo will instantly appreciate the extraordinary convenience and comfort afforded by thus residing right within the Exposition grounds. No admission fee other than the first will be needed by guests of The Inside Inn, while the saving effected of car fares, suburban train service, etc., will prove a valuable item to those who study economy.

The enormous capacity of The Inside Inn assures ample accommodations for all—no matter when or in what numbers they come—but those who prefer to secure their rooms in advance may make reservations now for any period during the life of the Fair. A post card addressed to The Inside Inn, Administration Bldg., World's Fair Grounds, St. Louis, Mo., will bring a most interesting booklet, giving every possible detail.

Score Cards for Card Parties.

The REPUBLICAN office has prepared regular score cards for card parties, divided into eight spaces, and the figure printed in each space. A blank is provided for number of table, etc., and a hole punched in the top, so that the card is ready for use. These cards are for sale at this office in any quantity desired at the rate of two cards for one cent.

LOCAL BREVITIES

The spring poet is longing for some weather that his poem will fit, so that he can "spring it."

There will be a club supper tomorrow night at the Social club house, followed by a dance.

Persons whose taxes differ from last year, should remember that the taxes this year are being paid on the new valuation.

Mrs. W. J. Henley left her light spring coat at the Christian church last Sunday, and it could not be found afterwards.

Mr. and Mrs. Gilbert Meredith entertained at dinner last evening in honor of Miss Grace Curtis Glenn, of Ft. Wayne, Ind.

Frank Reeve and Carl Morris both of this county, who spent the winter in Denver, Colo., are expected home in a few days from an extended stay in the West.

A new mail box for papers and packages was placed in front of the Post office yesterday which is very convenient and acceptable to the public. This box is not for letters and they should not be put in it in no case.

New Castle Courier: A Richmond theater manager recently posted this notice in his play house, "Ladies will please remove their hats. Old ladies (to avoid catching cold) need not remove their hats." Now not a hat is seen in that theater.

John Day Deprez, chairman of the city central committee at Shelbyville, has withdrawn as a candidate for the Democratic nomination for Mayor. John W. Vannoy, ex-Mayor, and Jacob H. Deitzer, present incumbent, are candidates. Deitzer is a Hearst man.

Senator M. E. Newhouse of Greensburg, went to Franklin yesterday to get the personal effects of his son, Lewis, who was taken sick with typhoid fever while attending college. Mr. Newhouse reports that his son is now on the road to recovery and is gradually becoming stronger.

The Republican today received a letter from Prof. F. A. Midway, now in Connersville, but who was in this city several days last week, saying that his mission in this city had nothing whatever to do with Hearst's candidacy, and that he was here solely in the interests of the University of Chicago.

The Rev. A. H. Moore, one of the best-known ministers of the Christian church in Indiana, died of apoplexy at his home in New Castle yesterday. He had been in seemingly good health and preached at Knightstown on Sunday. He was seventy-one years old, and left a family of several children, one son being N. A. Moore, groceryman, of North Illinois street, Indianapolis.

Shelbyville Republican: William Randolph Hearst, Democratic candidate for the nomination for President, sent his representative, Edgar L. Maines, of Zionville, to this city Saturday. He had rooms at the Hotel Ray and during the day was visited by a number of the prominent Democrats of the city. He left on the evening train. The extent of his progress in the Hearst movement is unknown.

PLAIN TALK

Just a truthful statement of Facts from week to week, about this store is doing more to push it ahead than all the blow and bluster so common in the advertising of the period. Our way is a little slower, but its far surer.

GASADY & GOX, City Cash Shoe Store

Rev. W. S. Campbell is started yesterday on the work of taking the enumeration of school children.

The Home Furnishing Company have fitted up a modern city kitchen complete in one of their show windows. The display is quite unique.

Ed. Richardson, who some time ago, was sent to the hospital at Indianapolis, to take treatment for his injured foot, is again in the city. His condition is now greatly improved and he is on the road to recovery. The physicians at Indianapolis scraped the injured bone and treated the abscess which had formed there. Mr. Richardson is now able to walk about with very little difficulty.

Dick Wilson will leave tomorrow morning for Indianapolis with a string of sixteen race horses. Mr. Wilson will take the horses to the track at the State Fair Grounds where he will begin the season's training. Among the lot is John Taylor, 2:10 1/2 the famous horse which won the M. & M. stake at Detroit last season; Bob, 2:12 1/4, Miss Jay, trial, 2:07 1/2; Dick Wilson, 2:08; Frances, Starlight.

Not for several years have farmers been so delayed in the planting of crops, and as a result crops of all kinds will be several weeks late, even should good weather conditions prevail. In previous years crops were in the ground by this time in April, including last year, when the first of April saw oats all sown, potatoes planted and much progress made in other lines. Now little plowing has been done, the wet weather having stopped work almost as soon as it was begun. Farmers are beginning to get uneasy and fear the late planting will result in corn getting caught by frost next fall.

Harry Jones has received nine head of horses which came in a horse car from Nashville, Tenn. The horses are owned by the Hermitage Stock Farm of that place and Mr. Jones will train and campaign the horses this season. The horses left Nashville Sunday morning and arrived here last night. Among the lot is New Richmond, pacing stallion, record of 2:08 1/4, by Brown Hal, sire of Star Pointer 15944 and the grandly bred stallion Alverton, a trotter. He is by Alerton 2:09. He has three producing dams. His first dam has two; 2d dam has two and the grand of eight; 3d dam one.

The suit, at Danville, Hendricks county, to test the State law relative to the extension of terms of county treasurers is to be submitted by agreement of attorneys on both sides to Judge West, of the Montgomery circuit court. The suit asks for an injunction to prevent the officers of the Hendricks county Republican committee from certifying the nomination of James A. Clay as the Republican candidate for treasurer, the action being brought by John E. Vestal, present treasurer. If the law is held good, Vestal, who took office on January 1, will hold until January 1, 1907, his successor being elected in November, 1906.
